Each year RNeighbors has attended the Neighborhoods USA (NUSA) Conference we have come back energized about neighborhood organizing and full of successful ideas from other cities.

This year we'd once again like to send some neighborhood leaders to this valuable experience. The 2023 conference will be held in El Paso, Texas, Thursday, May 25 and Friday, May 26. Here is the [conference website for more information.](#)

In June the RNeighbors Board would like to hear a short summary about your NUSA experience and what you brought home to put to work in your neighborhood.
